Sir,

Subject - Sagar Town Municipality - Execution of Public Works

In forwarding herewith, in original, letter No C 109/42-43, dated 20th July 1943, received from the President, Sagar Town - Municipality, on the subject noted above, I have the honour to state as follows -

1) The President, Sagar Town Municipality, states that owing to abnormal rise in the rates of food stuffs and other articles, the Contractors entrusted with several works have been feeling it very difficult to secure labourers for the works they undertake, except under prohibitive rates He adds that in view of the fact that the cost of building and road materials, collection and transport and cart hire charges have gone up considerably, the schedule of rates now sanctioned for the execution of several Public Works are not sufficiently attractive or inducing to the Contractors and that they are, therefore, not coming forward to take up any work in the Municipality He states that one or two Contractors who have taken up some petty works have been delaying to complete the works and are clamouring for higher rates, with the result that almost all the Public Works undertaken by them have been held up

2) The question of obviating the difficulty in getting through the work was considered by the Municipal Council at its meeting held on 30-4-1943, when a resolution was passed to the effect that a rate of 25% over the sanctioned schedule rates might be given to the - contractors temporarily on all items of Public Works executed from 1st January 1943 The reasons for the enhancement of the rates - are explained in the body of the resolution

3) The Municipal President requests that sanction of Government

Government might be obtained to this proposal of the Municipal Council

2 I agree with the above proposal of the Sagar Town Municipal Council. In view of the peculiarities of Malnad and the presences of labour attracting centres in Bhadravathi and Jog, I think the payment of enhanced rate is necessary in order to attract labour

3 In these circumstances I recommend that sanction of - Government may kindly be obtained for payment of excess rate, i e 25% over the sanctioned schedule rates on all items of Public Works executed from 1st January 1943 in all Municipalities in the District till conditions come to normal

I have the honour to be,
Sir,
Your most obedient servant,

For Deputy Commissioner,
Shimoga District
